Thank you very much for considering Your Space Counseling for your mental health needs.

Please fill out the following information. Answer the questions as best you can. Any areas that are confusing can be addressed when we meet.

Our first meeting will last between one to two hours. Ideally, I like to meet with everyone in the immediate family. I will ask general questions and also questions regarding your child's early history. If you and your child feel comfortable, I will request to meet with your child separately, while you wait in the waiting area. I may then ask your child to wait in the waiting area, while I meet with you. At the end of the meeting, I will speak with everyone and relay my thoughts regarding therapy.

Once therapy begins, I will arrange weekly appointments. I make every effort to accommodate you and your child; however, there may be some times during the day that are unavailable. Afternoons tend to get booked quickly. After we agree on a day and time, I will hold this appointment for your child each week. I charge \$75 for missed appointments that are not due to illness or emergency.

Due to the nature of confidentiality I will not be able to discuss what your child says or does in the therapy session, unless your child is thinking of harming themselves, others or if someone is harming your child. However, I will meet with you to provide updates on how I think the therapy is going and I will ask you for your thoughts regarding therapy. Depending on your insurance benefits these meetings may be covered and they may not. You will be responsible for the out of pocket expense.

I am happy to answer any questions you may have. Please do not hesitate to contact me.

Sincerely,

Roseann Lynch LPC, NCC, RPT, CDC I
